

DIMENSIONS

112mm x 68mm x 49mm

DRIVE

Control the amount of distortion

BASS

Controls the amount of low frequency content

CLIPPING OPTIONS

Various harmonic characteristics

OUTPUT

1/4" mono jack
Output Z: 470Ω @ 1kHz

FOOTSWITCH

True bypass or buffered bypass options via internal DIP switch

This pedal is designed to take standard 9V DC centre negative power and plugging in a higher voltage will risk damaging it and voiding the warranty.

CUT

Low pass filter to control tone

CURRENT DRAW

~32mA

VOLUME

Adjust output make-up gain (approx. +26dB)

INPUT

1/4" mono jack
Input Z: 620kΩ @ 1kHz

POWER INPUT

9v DC
2.1mm centre negative

isolate**audio**

THE KNOBS

DRIVE

Controls the amount of distortion.

CUT

Low pass filter to control your tone.

BASS

Adds low frequency depth.

VOLUME

Adjust output make-up gain (approx. +26dB)

THE TOGGLE

ORIGINAL

Standard clipping diodes.

ASYMMETRIC

Asymmetric clipping, more texture.

TURBO

LED clipping, open and dynamic.

SUGGESTED SETTINGS

FUZZTASTIC

BARRACUDA

WARPED TOUR

TURTLE HEAD
